

Tamil Nadu CM meets exporters in the backdrop of Trump tariffs

The Coimbatore-based Southern India Mills Association's (SIMA) said that the recent announcement by the US President to impose 50 per cent tariffs on Indian goods has come as a rude shock to the entire textile value chain, particularly to Tamil Nadu, which is the single largest exporter of textiles to the US.

The association's Chairman SK Sundararaman, who met Tamil Nadu Chief Minister MK Stalin on Thursday along with other exporters, appealed to him to recommend to the Centre an extension of the two-year moratorium for the repayment of the principal amount, along with a 30 per cent collateral-free loan under the Emergency Credit Guarantee Scheme (ECLGS) and 5 per cent interest subvention.

"This measure is crucial to prevent textile units from becoming NPAs, meeting their running expenditure and help them managing their working capital re-

quirements," he said.

On Wednesday, Industries Minister TRB Rajaa held a similar meeting with various exporters.

LEVEL PLAYING FIELD
Sundararaman emphasised that enhancing the remission of duties and taxes on export products benefit by 5 per cent and extending pre- and post-shipment credit to all textile product exports, including yarn, is crucial for capturing new markets and sustaining the existing ones, particularly with the majority of buyers based in the US.

Sundararaman also appealed to the Tamil Nadu Chief Minister to recommend to the Prime Minister the need to level the playing field by removing the 11 per cent import duty on cotton

and rectify the GST inverted duty in the MMF value chain by scheduling the entire value chain under the 5 per cent GST slab, on par with the cotton value chain.

Ensuring the availability of raw materials at internationally competitive prices is crucial to achieve the vision of \$350 billion textile business size, he said.

Tamil Nadu, which accounts for one-third of the nation's textile manufacturing capacity, contributes 28 per cent of India's total textile and clothing exports. The State government has been implementing a series of measures and policy interventions to enhance global competitiveness and boost exports.

Recent initiatives such as 6 per cent interest subvention for spinning modernisation, 50 per cent capital subsidy for the garmenting and home textiles sector, and 50 per cent subsidy for engaging technical textiles consultants are steps in the right direction, with several policy benefits in the pipeline, the association said in a statement.
